

RASMINA A

B.Tech Information Technology | 2027

9846349694 | rasminaareekodan@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Final-year B.Tech Information Technology student with a strong foundation in Java, Python, JavaScript, React, HTML, CSS, Object-Oriented Programming, and Data Structures & Algorithms. Hands-on experience developing web applications and machine-learning projects using Python and related libraries. Familiar with Linux and Bash scripting fundamentals, Git/GitHub, and software development workflows. Seeking an entry-level opportunity in Java Development, Front-End Development, or Linux/Open Source Engineering.

EDUCATION

B.Tech in Information Technology

Government Engineering College Idukki, Kerala Technological University | 2023–2027 | CGPA: 7.64/10

TECHNICAL SKILLS

Programming: Java, Python, JavaScript

Web Development: HTML5, CSS3, React

Core Concepts: Object-Oriented Programming, Data Structures & Algorithms, Problem Solving

AI & Machine Learning: Machine Learning, Pandas, NumPy, Scikit-learn, XGBoost

Tools: Git, GitHub, VS Code, Google Colab

Systems: Linux Fundamentals, Bash Scripting Fundamentals

Database / Backend: Firebase

PROJECTS

KTU Activity Point Management System | React, Firebase

- Developed a web-based system for managing student activity points.
- Designed features for event discovery, calendar management, student interests, notifications, and reporting.
- Focused on creating a responsive and user-friendly interface.

House Price Prediction | Python, Pandas, Scikit-learn, XGBoost

- Developed machine-learning models for house-price prediction.
- Performed data preprocessing, model training, and evaluation.
- Achieved an R^2 score of 0.9036 using XGBoost on the project dataset.

Loan Repayment Probability Prediction | Python, Machine Learning

- Developed a machine-learning workflow to predict loan repayment probability.
- Worked on data preprocessing, model training, and evaluation.

NoteltUp – Note-Storing Web Application | HTML, CSS, JavaScript

- Developed a web-based note-storing application.
- Built a simple and user-focused front-end interface.

INTERNSHIP / TRAINING

IntrnForte – Artificial Intelligence with ChatGPT / Data Science | 2025–2026

- Gained practical exposure to Artificial Intelligence and Data Science concepts.
- Completed hands-on machine-learning projects involving regression and classification.
- Used Python and machine-learning/data-analysis libraries for project development.

LEADERSHIP & ACTIVITIES

IEEE Student Branch, GEC Idukki — Report Lead / Documentation Head

- Contributed to event documentation and annual reporting.
- Prepared and organized technical and event-related documentation.

STRENGTHS

Problem Solving | Quick Learning | Team Communication | Technical Documentation | Adaptability
